Stanford University

The School of Engineering
What would you expect to find in the School of Engineering?
School of Engineering

- Aeronautics and Astronautics
- Bioengineering (new!)
- Chemical Engineering
- Civil and Environmental Engineering
- Computer Science
- Electrical Engineering
- Management Science and Engineering
- Materials Science and Engineering
- Mechanical Engineering
What would you expect to find in the Electrical Engineering Department?
Electrical Engineering Department

- Computer Systems Laboratory
- Information Systems Laboratory
- Integrated Circuits Laboratory
- Solid State and Photonics Laboratory
- Space, Telecommunications and Radioscience Laboratory
What would you expect to find in the Information Systems Laboratory?
The life of my mind

• Mathematical problems associated with images
  – And other things
Fall Quarter: EE261 The Fourier Transform and its Applications

Winter Quarter: EE45 The Science and Technology from WWII and what happened afterward

Spring Quarter: EE42 Mathematics of Information Systems
What does this mean for you?
It’s the life of your mind

Open it to the possibilities!
